Directly applicable to practice, Group Activities for Latino/a Youth allows helping professionals such as human service workers, social workers, and school and community mental health counselors to select and apply a series of group sessions with topics relevant to today s Latino/a youth. Each session contains detailed directions, suggested discussion questions, and additional readings on specific topics, with topic examples including grief, identity development, and conflict resolution. Sessions draw on Latino/a cultural norms and strengths to build culturally-informed communication and coping skills in an effort to improve educational, social, and career outcomes. A developmental perspective is used, and sessions are designed to be creative and interactive in order to appeal to the high energy and playfulness of youth at any age.
