Ransom Publishing. Paperback. Book Condition: new. BRAND NEW, Inside the Earth: v. 8, David Orme, What goes on inside the Earth? Where is the longest tunnel in the world? Do people really live in caves? Can you live, work and shop - all underground? Find out about fossils and the bones of dragons. Get the facts. Then read 'The Railway Ghost', a story about what happens when the past meets the present, and you are facing death. Inside the Earth is part of the Trailblazers series, published by Ransom Publishing, a specialist in books for struggling and reluctant readers. Each book in the series has a non fiction and a fiction section. The fiction story is told in two formats - one with simple text, the other with 'speech bubble' illustrations. These two levels of entry offer the complete story at different reading levels, and the vocabulary of each book is carefully limited, with simple sentences to reinforce reading skills. Each book is on a strong, popular topic, with a colourful, attractive layout, combining fact and fiction. Inside the Earth is ideal for children aged 8 - 14 with a reading age of 6 - 7.
