Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.The Quest for Safe Haven has only just begun. The Killin Fields of Nebraska have become an apocalyptic legend in the four years since nuclear war destroyed the land. Only those who have no other options cross the endless state of corn and brave the monsters. When Alexa and her fighters reach these cursed grounds, a battle for survival begins that leaves one of their group forever changed. Haunted and exhausted, the quest is threatened by old behaviors and surprise reactions that force the men to accept that they might not be able to complete it at all. And that's before they realize the other travelers may be more dangerous than what lurks in the darkness or that Paul isn't the only weak link they have along for the quest. Alexa: Our life's work has just begun and already I feel so old! I thank fate endlessly for my men. They keep me fighting as much as the memories do. I will find my father and Safe Haven, and along the way, I will earn the right to live there. From the Author: Did you know the first book in this series is free?
