The approved document is published in the Federal Register for a 45-to 60-day public comment period, after which comments are reviewed by HICPAC members. CDC publishes the final guideline in its Morbidity and Mortality Weekly Report, on its Web site, or through a professional journal. Hospital compliance with CMSs or the accrediting organizations CMSs and the Accrediting standards, including those related to infection control, is assessed on a Organizations Standards regular basis. Unannounced on-site surveys, conducted by surveyors from for Hospitals CMS or the accrediting organizations, are a major component in the process by which hospitals compliance with health and safety standards is assessed. Standards interpretations are given by CMS primarily in its State 21 Operations Manual, which is arranged by COP; by the Joint Commission in its Comprehensive Accreditation Manual for Hospitals: The Official Handbook, which identifies rationales and performance expectations that are used to measure each standard and is organized into 11 chapters of safety...
