Brand New Book ***** Print on Demand *****.This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1912 Excerpt: .which might be called Blackhead. I have seen many cases of common liver complaint, and by my directions others have succeeded in curing many of these. Dr. Salmon tells us that the seat of the disease called Blackhead is in the caeca. The caeca is sometimes called the blind bowel; it is a sort of appendix in the turkey, having no outlet. It is two lobes of bowel united by a ribbon of fat (the pancreas). In Blackhead and also in some cases of liver complaint, an abscess forms in one or both caeca, but this can only be discovered after death, and I have only found it in a post mortem of one turkey. The fact is, I have been so very lucky in raising turkeys that now I rarely even see a sick turkey, and I have many letters from our readers telling...
