## THE CRISIS AND THE KINGDOM: ECONOMICS, SCRIPTURE, AND THE GLOBAL FINANCIAL CRISIS

Wipf Stock Publishers, United States, 2012. Paperback. Book Condition: New. 226 x 150 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Synopsis: The ongoing global financial crisis was not simply the fault of the financial sector. Bankers, households, and governments had all entered a spiral of greed, selfishness, and impatience in pursuit of their respective aims of higher remuneration, greater consumption, and enhanced popularity. The outcome, besides costly bank bailouts, has been rising private and public debt and stagnant economies. Economics, the ruling paradigm in today's society, can explain their motivation of self-interest but not the underlying irrationality of their behavior. Taking a view from Scripture, Philip Davis critiques the overall aims of individuals, as assumed by economics--wealth, consumption, and power--in contrast to Jesus proclamation of the kingdom of God, the love for God and neighbor, and responsible stewardship of resources. In doing so, he aims to equip Christians to better understand the crisis from a kingdom perspective, to provide the church with a distinctive voice in these troubled times, and to press for radical Christian solutions to address the underlying difficulties. This little book aims to redress the gap in Christians understanding that led the theologian Jurgen Moltmann to remark trenchantly, The neglect of economics is a wound in the side of the church. Endorsement: The effects of the financial crisis have shown the impact economic issues have on all our lives and have underlined the importance for Christians of reflecting prayerfully on them. This book provides valuable support for that reflection, and I am delighted it is part of our continuing conversations on finance and Christian ethics. -Rowan Williams Archbishop of Canterbury The financial crisis of 2007-08, and its continuing unfolding since, has been the subject of many popular books seeking to explain what...
