Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It's been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, altered the way I believe.

The Holy Bible, as a document on moral, civil, physical and spiritual affairs, is not compiled in any definite order. The Creation Sabbath Commandment Law, as Gods abstract for inventing the world, formally stipulates God as the claimant, lists the items claimed, and reveals the seal on creation. Details of the methodology, accomplishments, and additional claims that should come after the abstract, are scattered throughout the rest of the Bible - with major details presented in the first Chapter of the first book of the Bible (Genesis). Scanning through these accounts in the Scriptures, and ordering them appropriately, reveals them to be a compilation of the details of Gods claim on creation, presented in the format of a conventional patent.
